REMARKS

This Supplemental Response is responsive to the telephone Interview between the Examiner and the undersigned on July 14, 2010.

The Examiner indicated during the Interview that the previously filed oath declaration under 37 CFR 1.175(b) was allegedly deficient for the following reasons: (1) lacking a listing of dates for all previous amendments made; (2) lacking a listing of all errors present in the claims; and (3) lacking the statement that any error of the claims was without any deceptive intent. Although Applicant disagrees that the amendment to claim 1 of "I/O controller, video controller, and audio controller" was an error in which the Reissue Application was based, Applicants have listed such in the attached Supplemental oath/declaration under 37 CFR 1.175(b) as required by the Examiner

All rejections and objections having been addressed, it is respectfully submitted that the present application is in a condition for allowance and a Notice to that effect is earnestly solicited. If any point remains in issue which the Examiner feels may be best resolved through a personal or telephone interview, please contact the undersigned at the telephone number listed below.

Date: July 16, 2010

Respectfully submitted,
